## DRAWER FRONT RAISERS

### Drawer Front Raisers

This cutter will work on any thickness of material. The design of the cutter will match beautifully with many door styles. As a special feature, this cutter bevels the outside edge of the drawer front, eliminating a step on the edge sander.

(6" Diameter)

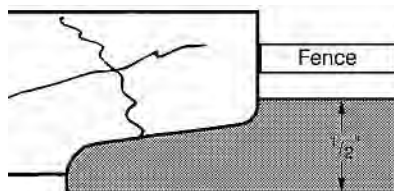

Stock Face Up

#### Drawer Raising Cutters - 3/4" Bore

**REVERSING CUTTERS**

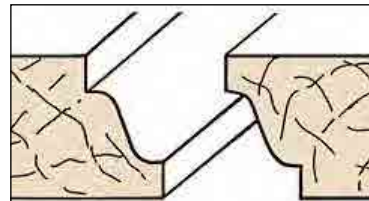

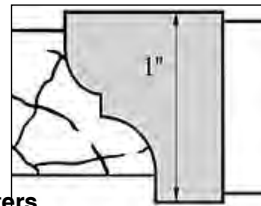

Reversing Cutters shape both the ends and the edge of the material being used. To use, shape both ends of the rail and then turn the board over and run the shape on the edge. These cutters are excellent for making English library paneling over 3/4" plywood on wall or flat panel cabinet doors.

# V-PANELING CUTTERS

1 1/4 Bore

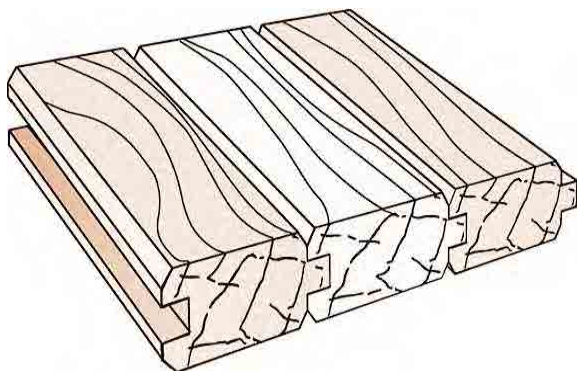

Both sides "V"

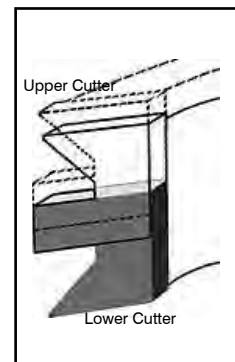

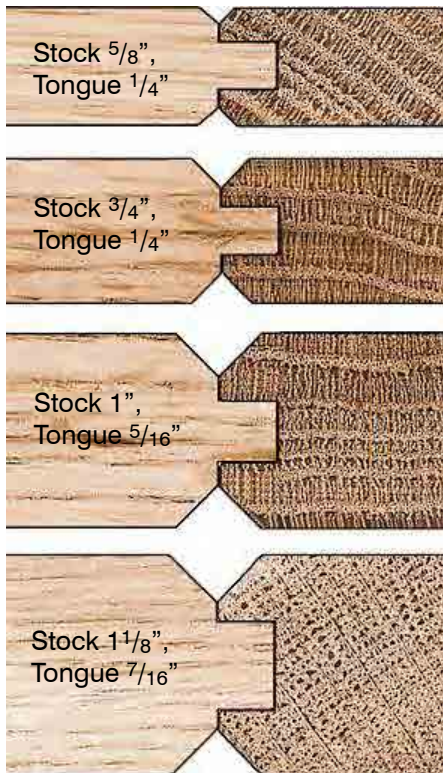

Item No.	Description	Price
C-8169-V	2 Wing Carbide	\$529
C-8166-V	3 Wing Carbide	\$629

**V-Paneling Cutters:** These cutters are designed for high production use. Each cutter is split and can be shimmed for perfect fit. (4 1/8" Diameter)

- Panels from 5/8" to 1 1/8" thick
- Designed for production
- Cutters are split for shimming to perfect fit after sharpening
- Cutters are split for various stock, 'V' and tongue widths

**This cutter set will make all sizes below - Example Wood Profiles:**

The overlapping cutter enables variation of stock, tongue and "V".
